# Acknowledgement

By the grace of Allah Almighty and through unwavering determination, we are thrilled to present our inaugural e-project, "Jenson Decor." This marks the culmination of our efforts during the FIRST SEMESTER, where we diligently covered essential topics such as HTML, CSS, Javascript and responsive design.

Our assignment centered around creating a website for "Jenson Decor," a task we undertook with enthusiasm and precision. Leveraging the coding capabilities of 'Visual Studio Code,' we meticulously crafted each element to ensure a perfect outlook and functionality.

We believe our project encapsulates all the necessary components, seamlessly integrating them into the final piece. The website reflects our dedication to learning and serves as a testament to our hard work and commitment. We invite and appreciate any suggestions or tips to further enhance the project, as we are open to continuous improvement.

Thank you for considering our efforts, and we hope "Jenson Decor" captures the essence of creativity and learning in the realm of web development.
